Deutz-Fahr Tractors

404-938-1233

ANDREW WINKELS

andrew.winkels@pfgusa.com

www.Deutz-FahrAmerica.com

Deutz-Fahr's new final tier 4 orchard/vineyard tractors only use a diesel oxidation catalyst (DOC) to meet the latest emission requirements. Power comes from a 3.8L, four-cylinder engine, turbocharged and intercooled, which is the largest engine in this tractor class. The DOC ensures reliability and simplicity of operation (doesn't require any regen cycle) while maintaining a low-profile hood line. Standard equipment includes four-wheel braking, front and rear differential lock, and various transmission and width configurations to meet the demanding needs of specialty tractor applications.

BINS

IPL Macro

3555 Bay Street, Union Gap, WA 98903
509-452-1200, FAX 509-452-1299
JENNIFER ENGLAND
509-952-3896
Jennifer.England@iplglobal.com
www.iplmacro.com

For 30+ years, IPL Macro® has been the material handling and storage solution for the agricultural, food processing and retail markets. IPL Macro® plastic bulk bins are manufactured from FDA-approved materials and are certified safe for use with food products. MacroBins are the single harvest and storage solution that provides increased pack-outs, productivity, durability and sanitation. Intelligent design makes them easier and safer to transport and store. See for yourself how we stack up to the competition. We're still good ol' Macro Plastics, but we're rebranding to IPL Macro. I'd be happy to tell our story.
